

Executive Director, Crystal Lens.

DATE: 30th June, 2022

PREPARED BY: Malik Gbenle (Crystal Lens)

FOR: Katie O'Hara (UrbanPromise International)

In June, we continued the implementation of our Projects and our engagements with our students. Also, we organized an excursion to Lagos State University.

Weekly Career Development Class: Our Career Development activities are ongoing and in the month of June, we have been able to cover the concluding modules in the curriculum. From this week till the end of the term, we will be revalidating the existing personality assessments to ensure accuracy. Also, our students are currently preparing their resume and cover letters. They are presently perfecting these documents to enable them apply for the Students' Leadership Program

Excursion: In June, our SS2 and SS3 students participated in an excursion to the Lagos State University Ojo. During the Visit that lasted for about three hours, our students were lectured on admission guidelines and admission requirements for all Faculties and schools/colleges by the Admissions Officer, they were received at the university senate building and also took a tour of the senate chamber, council chamber, the African Centre of Excellence for Innovative and Transformative STEM Education, Faculty of management sciences and the Faculty of Law. A total of 35 students participated in the excursion.

Library Project: The library recorded a good number of users in June and we are working to ensure this pattern of usage is sustained. We will need donations for furniture to increase the sitting capacity of the library. In June, we got a donation of three games (including Scrabble and Chess) From Mrs. Ajani. We took delivery of the donated games already and library users will have access to them by the new term.

Speech competition: Our annual speech event has been scheduled for the 20th of July and all preparations for the event have commenced. This year's event is tagged #WhenWeSpeak2.0 and the topic is about improving the educational system in Nigeria. The fundraising campaign for the speech competition will commence in a few days from now. We have introduced the topic to our students and they are presently conducting their research and putting their speech drafts together.

Thank You,

Malik Gbenle O.
